

SRM-TPB18/6

General Terminal Block
通用型端子台

产品特点 FEATURES

- 公用端配线效率大幅提高;
- 普通连接端子台完全代替;
- 小型化设计、使配线箱更整洁。
- Wiring efficiency is greatly enhanced;
- Fully replace common connecting terminal block;
- Neat wiring cabinet.

注意事项 Note

本端子台专为低压设计，请勿接入大于36V的电源。
The terminal station designed for low pressure, do not access power above 36V.

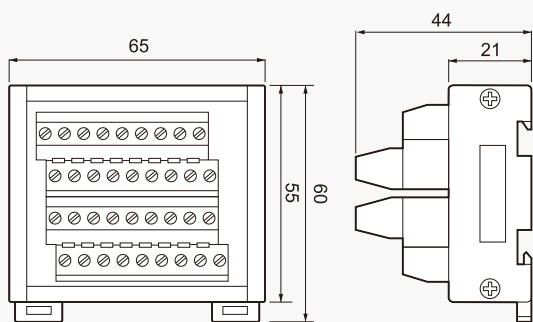

剥线长度: 6mm 1mm² Following /AWG16

规格参数 SPECIFICATIONS

| | | |
|---------------|-----------------------------------|-------|
| • 输入 Input | 额定电流 Nominal operating current | 10A |
| | 额定电压 Nominal coil voltage | DC24V |
